EXPERIENCE

Full Stack Engineering Consultant 2019 – present

Talent Path | *Washington, DC*
- *Completed 9-week training culminating in a Capstone Project application which was presented before professionals from companies in multiple markets across the US*
- *As a work ready consultant, collaborated on full stack projects with my talented colleagues and developed skills in emerging technologies*
- *Developed soft skills in emotional intelligence, time management, project organization, and more*

Instructor 2019 – present

The Music Studio at Vinings | *Atlanta, GA*
- *Taught at an average frequency of 1 new piece of music of increasing complexity every week for my 15 child and adult students*
- *Worked with several other instructors to collaborate on incremental lesson plans for all students of the studio*
- *Progressed the knowledge of Guitar, Piano, Ukulele, as well as theory and ear training for each student*

Intern 2015
Orange Twin Record Label | *Athens, GA*
- *Packaged and shipped over $200 worth of merchandise orders including physical recordings, promotional materials, and branded merchandise*
- *Secured the donations of 50+ meals for volunteers aiding events on the label's premises*
- *Promoted events with hundreds of attendees and dozens of volunteers via social media and personal interaction*
